

**MESA CONSOLIDATED WATER DISTRICT
DIRECTOR, DIVISION 2**

PAUL E. SHOENBERGER

AGE: 44

OCCUPATION: Director, Mesa Consolidated Water District

As a Director of Mesa Consolidated Water District, I will continue to ensure clean, safe and reliable water for the citizens of Costa Mesa. I bring to Mesa over twenty years of experience in the water industry. This experience has helped save Mesa millions of dollars. I have a Master's Degree in Water Resources Planning and Management and a Bachelor's Degree in Civil Engineering. In addition to being a Director for Mesa, my day-time occupation is the Chief of Engineering, Operations, Planning and Customer Development for the Central Basin and West Basin Municipal Water Districts. These districts provide water to 2.5 million people in southern Los Angeles County.

I have worked diligently to ensure that Mesa operates as efficiently and cost effectively as possible. Highlights of my first term in office include:

- Saved \$20 million by proposing an alternative to a new storage reservoir.

- Saved \$300,000 through refunding debt.

- Developed a funding source for constant infrastructure renewal.

- Initiated District Web-site.

- Initiated Bottled Water program.

I am a registered Engineer, born and raised in California. I live in Costa Mesa with my wife Katie, three daughters and son. Thank you for your consideration.
